

AU Registered Champions

This award was established to recognize superior individual bird performances over the bird's lifetime. Fanciers may apply for birds that are currently flying or have since been retired.

To qualify, a bird must:

- a. Win five or more diplomas (based on one diploma per 20 participating birds but no less than one diploma for every three lofts, or fraction thereof) in scheduled races of 75 actual airline miles or more.
- b. There must be a minimum of three lofts competing in the race for a diploma to be awarded.
- c. Win one or more diplomas from 275 actual airline miles or greater.
Exception: For birds flown in the state of Hawaii, two or more diplomas must be from the longest possible race station.
- d. Win diplomas in two or more separate years of competition.
- e. Score 125 or more points.

This listing is incomplete as many older records were lost when the AU Office in Oklahoma City was heavily damaged during a tornado. If you have more records or find any typos or mistakes, please contact Jay Holder at jayholder@me.com or 321-269-2824.
